[REDACTED] -

Can you have MB do 3/36 study...MOP MIS for few MYS + Mopar and Service Contract claim count etc, all by LOP #...+ total over the counter/warranty sales for top runners.

FYI - I've asked [REDACTED] to deep dive. This is not the first customer that is trash talking us due to this part failure. Interestingly Parsla is seeing that most of the sales are non-warranty. I'm wondering if most customers are being told it's customer pay.
